Welcome to Hobby Farm, the small adult-only campsite on the Dorset Jurassic Coast. We have no reception so, if you are camping please just enter the site, choose your pitch and then start to unpack and unwind. If you are staying in one of our Shepherd's Huts, Otter's Nest is to the right of the pond and Fox's Den is to the left.

Please camp where you want to camp in either field but please do not go close to the two Shepherd's Huts.

Take a look in our Information Hut which is the white hut to the right by the entrance gate. You'll also find a phone charging point and a communal fridge freezer in there.

If you have any problems or queries then don't hesitate to call Tom, the site owner, on 07881 563571 He is always happy to personally introduce himself and share his knowledge of the area.

However, read further as your query may be answered below!

IF YOU ARRIVE WITHOUT BOOKING FIRST YOU MUST TELEPHONE TOM

COVID-19 SAFETY

For your own safety and the safety of others, whilst at Hobby Farm you must:

Comply with social distancing

Apply sanitizer before and after using toilets, showers, washing up and chemical point areas

STAY ALERT – CONTROL THE VIRUS – SAVE LIVES

CAMPSITE INFORMATION

PARKING

Park your vehicle at your pitch or by the side of your hut but if it is really wet, then please park at the top by the gate on the hard standing.

TOILETS AND SHOWERS

We have 2 showers and 2 toilets, one in the top field and the other in the bottom field. Each accessible from separate doors. Please ensure they are thoroughly cleaned following your use for yours and other guests' safety. Cleaning cloths and sanitizer are provided. All toilets and showers will be given additional cleaning throughout the day by Tom or another cleaner.

EXERCISING DOGS

Behind the bottom pond, there is a walkway which will take you up to our top field. This is ideal for exercising dogs away from campers.

POP UP TENT PERSONAL TOILET

We have 2 pop up tents with portable toilet inside which you can have for your stay on a 'first come, first served' basis. This can be erected by you at your pitch for sole use throughout your stay. Please clean after use with the hosepipe provided at the top shower block.

CHEMICAL WASTE

We have a chemical point available for disposal located behind the toilet and shower in the top field.

WASHING UP

Located just in front of the toilet/shower facility in the top field.

COMMUNAL FRIDGE/FREEZER

The communal fridge/freezer is located by the right side of the white information hut near the site entrance.

PHONE SIGNAL

We don't have WIFI here at the campsite but there is good mobile phone signal.

BBQs/FIREPITS

Both Otter's Nest and Fox's Den have their own fire pits. We sell wood and kindling. If bringing your own BBQ, please ensure it is elevated from the grass pitch and ensure is well away from tents when lit.

FISHING POND

You are welcome to fish in our pond with your own fishing rod. Please return fish at all times. You are also welcome to use the boat but please note that is at your own risk.

QUIET TIME

Please respect other campers at all times. **Quiet time is from 9 pm every evening.**

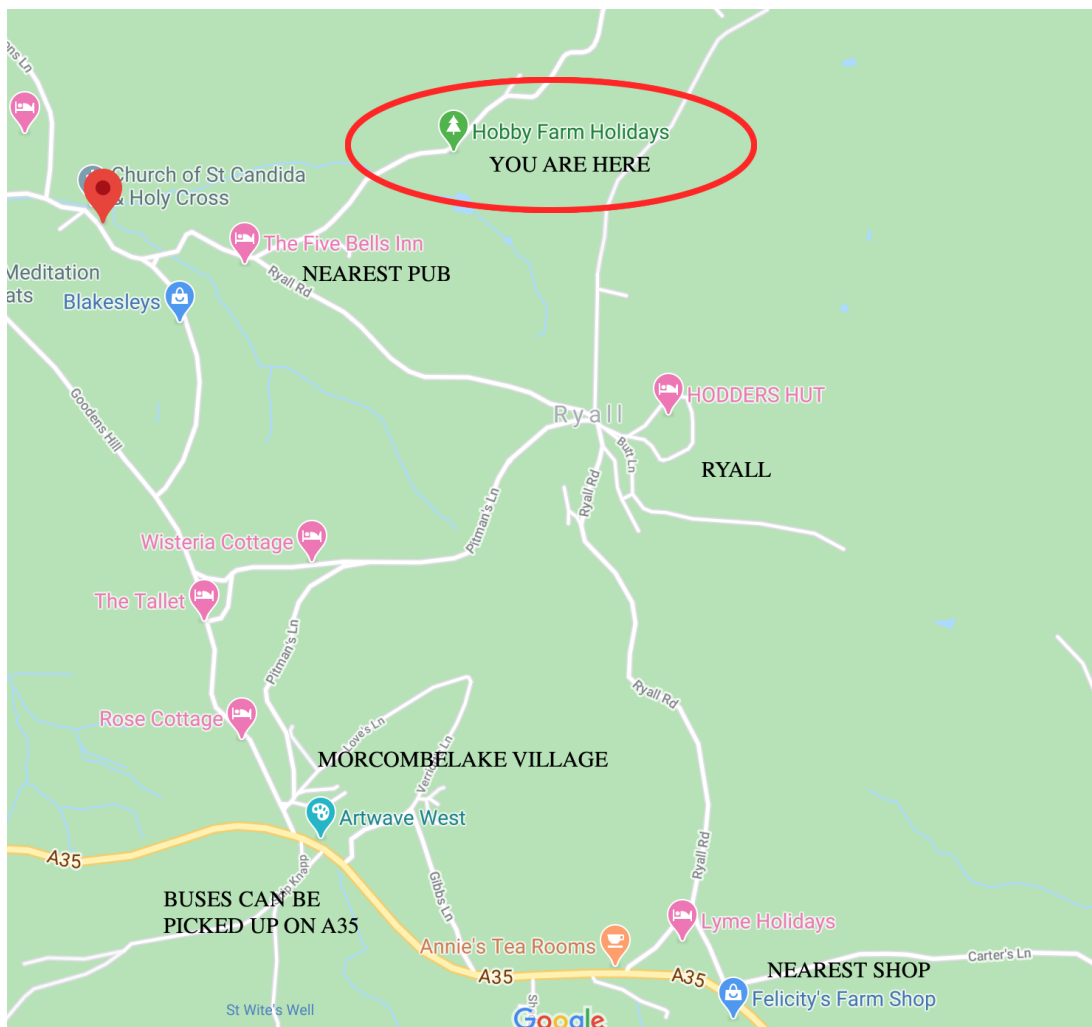

LOCAL SERVICES AND PLACES
